SHIPS MUST BE INTERNED

Admiral Enquist Will Not be Allowed to Repair His Damaged Vessels at Manila.

INSTRUCTIONS CABLED GOV. WRIGHT

The Government Decided that as the Injuries to Russian Warships Were Received in Battle it Would Have to Refuse Permission for Repairs to be Made in United States Territory.

Washington, June 6.—Admiral Enquist will not be allowed to repair his ships at Manila. This government has decided that as the injuries to the vessels were not caused either by the sea or storm they will be obliged to refuse permission for the vessels to be repaired there. Monday Secretary Taft cabled the following instructions to Gov. Wright at Manila regarding the ships: "Time cannot be given for the repair of the injuries received in battle. Therefore the vessels cannot be repaired unless interned until the end of hostilities."

Admiral Train has been instructed accordingly. It was stated by Secretary Taft that if the Russian vessels agreed to leave Manila in their present condition they were welcome to do so but as it did not appear that they suffered from any damage caused by the sea or storm this government would be obliged to take the position above outlined.

Train to See to Internment.

Washington, June 6.—After a conference with President Roosevelt Monday Secretary Morton announced that the Russian cruisers Aurora, Oleg and Jemtchug, which arrived at Manila last week, will be interned at Manila. Secretary Morton said that orders for the interment of the vessels would go forward to Admiral Train at once.

Still Looking for Russians.

Shanghai, June 6.—The flagship Tokiwa, under Vice Admiral Uriu and the cruisers Naniwa and Takachiho and the destroyers Murasame and Saquanami have arrived off Gutzlaff Island, Hang Chow Bay. Vice Admiral Uriu came from the Tsu Islands, around Formosa, looking for Russian vessels. During the battle of the sea of Japan a shell passed through the Tokiwas aft, but did not explode.

Saginaw's Street Car Strike.

Saginaw, Mich., June 6.—Manned by non-union crews, the street railway company Monday sent out a number of cars with an officer on both front and rear platforms. There was no resumption in the early part of the day of Sunday's attacks on the non-union men, and the throwing of eggs and other missiles at the cars. No talk of arbitration is heard and both the company and the men now declare that the fight will be to a finish.

Southern Jail Delivery.

Wilmington, N. C., June 6.—"Jimmy" Burns, the alleged negro postoffice money order forger who is charged with operating extensively in this state, Georgia and Tenessee, and who was brought here recently from Savannah, Ga., to be tried in the federal court, was one of 12 prisoners who escaped from the county jail early Monday.

GERMAN GARRISON PERISHED

Native Reports Have Reached Cape Town of Fall of Southwest African Headquarters.

London, June 6.—A dispatch to a news agency from Cape Town says native reports have been received in official quarters to the effect that Warmbad, the German headquarters in Southwest Africa, has fallen and that the garrison has perished. No news is obtainable except from native sources.

The rising of the Hereros against the Germans in Southwest Africa broke out in the Northern part of that colony early in January, 1904, and the depredations of the natives have continued intermittently ever since. Settlers were obliged to take refuge at the various government stations where they were attacked and numbers killed. After suffering two slight reverses German troops last August attacked the Hereros at Waterburg, dispersing them with heavy loss to the natives. Fresh trouble arose in October through a rising of the Bondelzwarts, Hottentots and the Witboys in the southern part of the colony.

Warmbad is a mission station in German Southwest Africa, about 155 miles east of the mouth and 22 miles north of the Orange river. It is not far from the frontier of Cape Colony.

ST. LOUIS BRIDGE CASE.

Secretary Taft Declined the Application of Missouri to Take Possession of the Structure.

Washington, June 6.—Secretary Taft Monday declined the application of the state of Missouri to take possession of the Merchants Bridge across the Mississippi river at St. Louis on the ground that there has been no violation of conditions of the charter.

St. Louis, June 6.—The application declined Monday by Secretary Taft was made by former Attorney General Crow of Missouri, who offered, on behalf of the state, to take charge of or practicaly confiscate, the Merchants bridge, alleging that the bridge control had been merged with the Eads bridge in violation of the federal charter under which the Merchants bridge was built. The contention of the Merchants Bridge company, filed by brief, was that there was no merger of bridges, the Merchants Bridge company existing separately from the Eads bridge company. The contention of Attorney General Crow was that a merger of the two bridges did exist despite the contention of their being two separate companies, because the terminal railway association which controls and owns the Eads bridge also operates the Merchants bridge.

Another Equitable Director Resigns.

Boston, June 6.—T. Jefferson Coolidge of this city has announced that he had resigned as a director of the Equitable Life Assurance society of New York, and also as a member of the committee of seven appointed at the directors meeting in New York last week to select a chairman of the board of directors.

Fitter's and Helper's Meet.

REID'S HEARTY RECEPTION

American Ambassador to Court of St. James Warmly Greeted at Buckingham Palace.

BEGINNING OF A VERY BUSY WEEK

The United States Representative in England Will Take a Prominent Part in Various Entertainments for the King of Spain—Mrs. Reid and Daughter Received by Queen Alexandria.

London, June 6.—Whitelaw Reid, the new American ambassador, had an audience with King Edward at Buckingham palace at noon Monday and presented his credentials. Three royal carriages were sent to Dorchester house to convey the ambassador and the members of the embassy to the palace. The first was occupied by Mr. Reid and Col. Douglas Dawson, the king's master of ceremonies. Secretary Carter, Capt. Stockton, the naval attache; Major Beacom, the military attache; Second Secretary Craig Wadsworth and Third Secretary Einstein occupied the other carriages. At the palace Mr. Reid was received by the great officers of state. Foreign Secretary Lansdowne drove up to the palace at about the same time as the ambassador whom he introduced to the king. The latter wore a field marshal's uniform and was surrounded by his suite. His majesty's reception of the ambassador was most cordial.

WHITELAW REID.

While the ambassador was presenting the king with his credentials Queen Alexandria was receiving Mrs. Reid and Miss Reid. Her majesty showed them the interesting objects in the palace.

Secretary Hay paid a formal visit to the American embassy Monday morning.

The conversation between the king and the ambasador was quite lengthy, his majesty recalling Mr. Reid's previous visits to London and expressing the greatest pleasure at the good relations between the United States and Great Britain. The king also spoke a few words to each member of the embassy.

After the official reception Mr. Reid was ushered upstairs where his wife and daughter were with the queen and the ambassador was presented to her majesty. King Edward also came in and Mrs. and Miss Reid were presented to him. The king and the ambassador thereupon re-engaged in further conversation. The visit altogether lasted 40 minutes, after which the ambassador and his party returned to Dorchester house in the state carriages with coachmen and footmen garbed in long scarlet cloaks.

Mr. Reid had already called at Lansdowne's house, the foreign secretary having waived a formal call at the foreign office and requested the ambassador instead to call at his private residence.

The ambassador Monday afternoon called on all the ambassadors and ministers accredited to the court of St. James. Already a number of English visitors have called at Dorchester house. The ambassador has a busy week ahead. On Tuesday he will be present at the reception of the king of Spain at Buckingham palace and he will attend with Mrs. Reid the state banquet at the palace the same evening. Wednesday Mr. Reid will be one of the guests of Lord Lansdowne's banquet to the Spanish king; on Thursday with Mrs. Reid and Miss Reid the ambassador will attend the review of troops at Aldershot; they will be present at the gala opera performance in the evening, and Friday will attend the court ball.

The Muskogee Troubles.

Muskogee, I. T., June 6.—There was another delay in the Tribal tax collection Monday, when the decision in the case of the arrested Indian police was held up to permit further examination of the law by Mayor Fite. Meanwhile no further effort was made to collect the tax pending this decision. Indian agent Shoenfelt says he will collect the tax after the decision even if troops have to be called to assist the Indian police force. The district United States Attorney has received instructions to assist the Indian authorities in the matter.

NO SETTLEMENT IN SIGHT

Negotiations Between Teamsters and Employers at Chicago Still Hang Fire.

EXPRESS MANAGERS STILL REMAIN FIRM

President Gompers of the American Federation of Labor Returning to Chicago—Teamsters to Vote on Granting Concessions to Team Owners Association—An Adverse Vote May Extend Strike.

Chicago, June 6.—A settlement of the teamsters' strike is not yet in sight. President Gompers of the American Federation of Labor is coming to Chicago again to supplement the work he did during his previous visit here.

The managers of the railway express companies will not yield, still holding the key to the situation. The team owners' association still believes that they will be permitted to make deliveries to the boycotted houses. The question of permitting them to do so is to be acted on by the teamsters Tuesday night but the vote is apt to be adverse, as it is understood that the tank and flue have been notified that an affirmative vote will end the strike without the granting of any concessions to the strikers. In the event of a refusal on the part of the teamsters to permit such deliveries, it is intimated that the team owners' association will discharge recalcitrant drivers and thus extend the strike.

Judge Grosscup Monday released Mulligan and Donahue, of the express drivers' union, who were arrested for refusing to answer questions before the master in chancery, taking testimony in the injunction proceedings. They refused on the ground that they might incriminate themselves, and Judge Grosscup intimated that they were right in so doing in view of the investigation by the grand jury of the charge of conspiracy. They were admitted to $500 bail each, to give the appellate court a chance to pass on the question of their contempt.

An indictment against Albert Young, former president of the International Teamsters' union, was returned Monday by the grand jury. The charge against the labor leader is conspiracy to injure the business of Montgomery Ward & Co.

GOV. HIGGINS' VIEW.

New York Executive Thinks Insurance Department is Able to Settle Equitable Troubles.

Albany, N. Y., June 6.—Before leaving for the west Monday Gov. Higgins gave final expression to his opinions on the Equitable Life Assurance society matter.

"I do not anticipate that a legislative investigation of the society's affairs will be necessary," he said. "It is possible that legislative action may seem desirable but no legislative committee could gather information relating to the Equitable which the superintendent of insurance is not able to get. Conditions will be probed to the bottom and insofar as lies within my power any evils that exist will be corrected.

Gov. Higgins discussed the Equitable matter with Superintendent Hendricks here Sunday. He expected the superintendent would report upon his investigation by June 15, by which time the governor hoped to be back.

Asked whether his remarks regarding the desirability of legislative action referred to the entire insurance situation, Gov. Higgins said: "Insurance within the state of New York ought to be put beyond any question so far as the honesty and reliability of the corporations authorized to do business is concerned."

He repeated his opinion that the mutualization of the Equitable was a matter for the courts to settle and not for the legislature, adding: "I am still in doubt as to just what is best to do."

NEWSPAPERS CONSOLIDATE.

St. Louis Star and Chronicle Complete Negotiations for a Merger—Milton McRae Is President.

St. Louis, June 6.—The St. Louis Star and the St. Louis Chronicle, both afternoon newspapers, published announcements Monday of their consolidation under the name "The Star-Chronicle." Negotiations were closed Monday by which the consolidation goes into effect Tuesday and the new corporation will be known as The Star-Chronicle Publishing company, with a capital stock of $500,000. The Star-Chronicle, it is announced, will be an independent paper, and will be issued from the Star building. Milton A. McRae will be president and Nathan Frank, former owner of the Star, vice president.

The total now in tankage in the Kansas field is more than 7½ million barrels.

LOW PRICES FOR POTATOES.

Shawnee Growers Are Disappointed. 30 Cents a Bushel Offered.

Shawnee, Ok., June 6.—The opening of the potato shipping season was a discouraging one here, only one deal of any consequence being made today on account of the extremely low price, 30 cents per bushel. The principal cause for the bearish condition of the market is that the crop is not yet matured, the potatoes being green and watery and unfit to ship. With a continuation of the present dry weather much higher prices are looked for. The fact that the crop is in competition with the Texas crop, which is now on the market, and that the Northern market is yet crowded with old potatoes, are also factors which keep down the price.

She Sprinted for Home.

A young lady stepped into a Roff drug store the other day and asked how to take a dose of castor oil without tasting it. The proprietor fooled around a little while, and then asked her if she would like a glass of lemonade. Of course, she would. Then he wanted to know if she tasted castor oil. "Heavens, no!" she exclaimed. "Did you put it in the lemonade?" He told her he had. "O, Lord! I wanted it for my mother," she groaned, as she began to sprint for home. The proprietor is still hiding out.

There came near being a serious accident Monday evening to a young man mounted upon a bicycle, who seemed to be exceeding the speed limit. The bicyclist in turning the corner at Main and Crockett Streets, ran directly into a buggy driven by H. A. Kotsch and wife. The young man was thrown directly under the buggy and suffered a gash on the jaw and the loss of a tooth. Fortunately the horse remained perfectly quiet or more serious injury would surely have resulted.

CANNON COOLS OFF

Takes Ice From Pitcher Bathes Head and Puts it Back.

Portland, Ore., June 6.—Something of a sensation was caused here Monday by Speaker Joseph G. Cannon of Illinois. Mr. Cannon was to deliver an address, and while waiting for his introduction he suffered considerably from the heat. He reached in the water pitcher on the stand and fished out a large chunk of ice with which he rubbed his forehead. The excitement came when he tossed the ice back into the pitcher. A lady in the audience objected to this, and it was some time before order could be restored.

After some hesitation Mr. Cannon proceeded with his address.

Grand Rapids, Mich., June 6.—Lant K. Salsbury, former city attorney and the people's chief witness in the bribery trials of the city officials and others implicated by Salsbury in his confession of the methods used in an attempt to secure a water contract from the city, was sentenced by Judge Wolcott in Superior court to pay a fine of $2,000. Salsbury was convicted December 4, 1901, of entering into a criminal conspiracy to secure a water contract from the city and of accepting $75,000 or a portion of that amount from the agent of the water deal promoter. After his release he made a detailed confession of the water deal involving more than a score of prominent citizens and office holders of the city. The state Supreme court upheld Salsbury's conviction on the conspiracy charge but he was not sentenced until Monday. The alternative of the fine imposed by Judge Walcott was one year's imprisonment. RECEIVE MANY PRESENTS.

German Crown Prince and His Bride Recipients of Gifts From Many Nations.

Berlin, June 6.—Crown Prince Frederick William and the Duchess Cecilia of Mecklenburg-Schwerin Monday received deputations from the Prussian provinces and cities who came to Berlin to congratulate them on their marriage which occurs Tuesday. The designs of the silver service to be given to the bride and groom by 100 cities were presented. The service itself, consisting of more than 1,000 pieces, will not be ready for two or three years.

Prince and Princess Arisugawa, representing the emperor and empress of Japan, personally presented the gift of Japan. It consisted of two silver flower bowls of antique and artistic workmanship. The king of Saxony has given four Meissener vases, the French government two Sevres vases and some beauvais tapestry, the sultan of Turkey rare rugs and porcelains, the Austrian emperor a carriage and two horses and the province of Posen a state carriage. Beyond these the presents have not been announced.

THE MOROCCAN QUESTION.

Request of Sultan for Conference of Powers Will be Declined—Discourtesy to Great Britain.

Fez, Morocco, June 6.—No doubt is entertained in diplomatic circles that the proposal in behalf of Morocco to submit the French proposals to a conference of the powers signatory of the Madrid convention will be catagorically declined by the British, French, Spanish and Russian governments. Uncertainity prevails regarding the attitude of other powers. It is thought in some quarters that Germany may utilize the Moorish proposals as a pretext to enter into direct negotiations with France in which case the Moroccan question may possibly be settled in Paris or Berlin.

The fact that the Moorish decision was launched on the eve of the arrival here of Gerard A. Lowriber, the British minister, is commented upon and is regarded as being a distinct mark of discourtesy to Great Britain.
